

Kładka

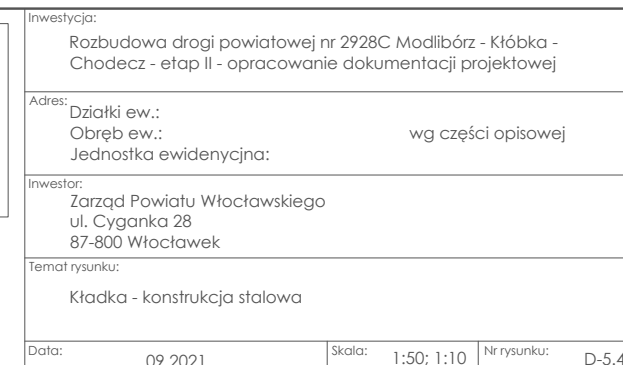

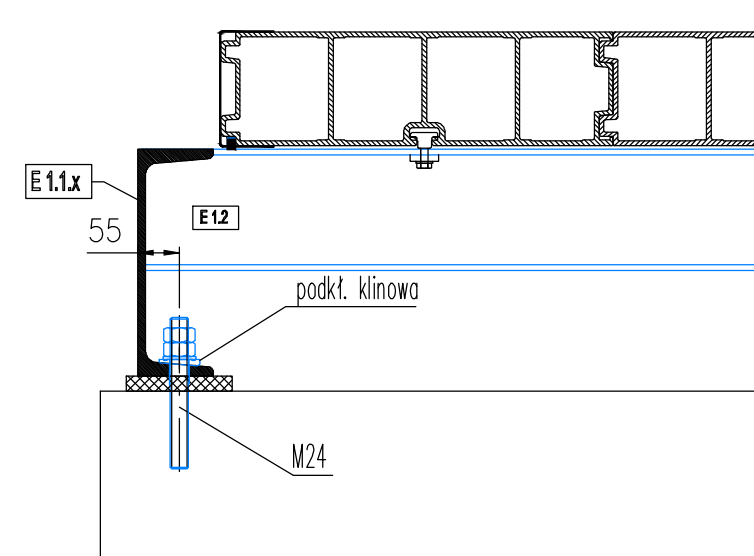

The drawing illustrates the construction of a window frame assembly. The main view shows a frame with a total width of 2730 mm and a height of 385 mm. The frame is composed of several parts: E1.1.x (side rails), E1.2 (top and bottom rails), E1.5 (intermediate rail), and E1.6 (corner pieces). The frame is made of IPE160- (E1.2) and NP [300] (E1.1.x) profiles. The length of the frame is L=2710 mm. The frame is shown in a cross-section view, revealing the internal structure and the placement of the glass panes (E1.3). The glass panes are held in place by E1.6 corner pieces and E1.1.x side rails. The frame is also shown in a side view, highlighting the E1.5 intermediate rail and the E1.1.x side rails. The side view shows a total height of 385 mm, with a 140 mm section for the glass panes and a 245 mm section for the frame. The frame is made of IPE160- (E1.2) and NP [300] (E1.1.x) profiles. The side view also shows the E1.5 intermediate rail and the E1.6 corner pieces. The side view is labeled with dimensions: 45, 155, 140, 45, 245, 85, 70, 45, 300, 140, 60, 45, 45, 20, 20.

Szczegóły

The detail view shows the corner connection of the frame. It highlights the E1.6 corner piece, the E1.1.x side rail, and the E1.2 top and bottom rails. The detail view shows the frame is made of IPE160- (E1.2) and NP [300] (E1.1.x) profiles. The detail view also shows the E1.5 intermediate rail and the E1.6 corner pieces. The detail view is labeled with dimensions: 45, 40, 45, 155, 140, 45, 245, 85, 70, 45, 300, 140, 60, 45, 45, 20, 20.
