Obręb skrzyżowania - etap 1

The diagram illustrates the placement of traffic signs and road markings for a road intersection during construction, specifically for the 'Obręb skrzyżowania - etap 1' (Intersection area - stage 1). The diagram shows a road intersection with a crossroad and a main road. The main road has a speed limit of 90 km/h. The crossroad has a speed limit of 40 km/h. The diagram shows the placement of various traffic signs and road markings, including warning signs (A-12b, A-14, A-12c), speed limit signs (B-33, B-25, B-33), and road markings (U-34, U-21b, U-30b, U-30c, U-30d, U-30e, U-30f, U-30g, U-30h, U-30i, U-30j, U-30k, U-30l, U-30m, U-30n, U-30o, U-30p, U-30q, U-30r, U-30s, U-30t, U-30u, U-30v, U-30w, U-30x, U-30y, U-30z). The diagram also shows the placement of various road markings, including the 'X' marking for the intersection area. The diagram is divided into several sections, each with a specific distance range: 100 - 150 m, 50 - 70 m, and do 50 m. The diagram is a technical drawing showing the layout of the intersection and the placement of the signs and markings.

Obręb skrzyżowania - etap 2

The diagram illustrates the placement of traffic signs and barriers for a road intersection during construction, specifically for the 'Obręb skrzyżowania - etap 2' (Intersection area - stage 2). The diagram shows a road intersection with a blue line indicating the road edge and a red line indicating the construction area. The signs and barriers are placed at various distances from the intersection, as indicated by the arrows and labels.

Signs and Barriers:

- Warning signs (yellow triangles):**
 - A-12c (Warning of narrow road ahead) and A-14 (Warning of narrow road ahead) are placed 100 - 150 m before the intersection.
 - A-12b (Warning of narrow road ahead) and A-14 (Warning of narrow road ahead) are placed 150 - 200 m after the intersection.
- Speed limit signs (red circles):**
 - B-33 (Speed limit 40 km/h) is placed 50 - 70 m before the intersection.
 - B-25 (Prohibitory sign for trucks) and B-33 (Speed limit 60 km/h) are placed 50 - 70 m after the intersection.
 - B-33 (Speed limit 40 km/h) is placed 150 - 200 m after the intersection.
- Barriers (red and white striped):**
 - U-20b (Barrier) is placed 3 m before the intersection.
 - U-21ab (Barrier) is placed 3 m after the intersection.
 - U-34 (Barrier) is placed 100 m after the intersection.

Distances:

- 100 - 150 m (Before intersection)
- 50 - 70 m (Before intersection)
- do 50 m (Before intersection)
- 50 - 70 m (After intersection)
- 150 - 200 m (After intersection)
